

Early Phase

The Early Years of Tagai State College provides students enrolled in Pre-Prep through to Year 3 with a supportive learning environment in which they begin to explore and learn.

Tagai State College is committed to every student achieving the essential literacy, numeracy, oral language and health skills fundamental to their development.

To deliver on this commitment, our Early Years Curriculum is founded on the following:

- Knowledge of early childhood development
- Building partnerships with students, families and communities
- Establishing flexible learning environments
- Creating engaging contexts for learning and skill development
